

Complete the following work in your maths book.
Make sure you have a heading, the date and
number your answers to correspond to the
question.

Use your iPad to find the showing times of movies at the Regent Cinemas, Ballarat.

1. What is the day and time now? What is the next movie showing at the cinema?
2. "Need for Speed" begins at 6:25pm. What time does the movie finish?
3. How long is there between the two sessions of "12 years a slave"?
4. It takes 15 minutes to drive from school to the cinema. What is the latest time you could leave school to see "Tracks" at 2:25pm?
5. If you arrive at 4:20pm, what is the next movie that you could see?
6. You arrive at the cinema at 6pm. How long do you have to wait until "The monuments Men" begins playing in Gold Class?
7. If you went to see "Non-Stop" at 3:45pm in Gold Class, what time would the movie finish?
- 8 - 10. Create 3 of your own 'Teacher style' questions about the Regent Cinemas movie sessions. Find someone in your group, swap questions and answer them.
